Public Comments Received – Braddock Park P&RC Public Hearing – June 23, 2016

6/15/16	Allen Irwin	Mr. Browand,

	THE EMILITY	I'd likely to offer my strong support for the Braddock Park
		Concept Plan. As an area resident and frequent visitor of the
		site, I believe the design presented compactly provides features
		of interest to most community groups in a manner that is
		internally cohesive, not overly prescriptive of functions, and
		open to the surrounding community. This park can't come soon
		enough.
		Thank you,
		Allen Irwin
